

ICHH TA Committee's Housing Work Group

Notes from 5/5/2026 planning meeting attended by Adrienne Babbitt, Juawana Grant, and Vevlyn Grant. Next steps for the ICHH TA Committee's Housing Work Group:

This group recommends continued planning meetings to complete a review of goals and action items, complete a landscape analysis of existing work across NV that aligns with plan; and strategically recruit agencies and partners to carry out the work under each action items. A summary of next steps is below:

- Continue review & analysis of action items via work group planning meetings (Co-leads: Adrienne, Juawana & Vevlyn)
 - Identify work that needs to be led/housed in State agencies to achieve goal versus leveraging work already underway in nonprofit/private sector that could be maximized through strong coordination with state agencies/programs
 - Clarify and prioritize workplan for the Housing Work Group
- Research and develop a landscape analysis of what work is already underway under each goal (Co-leads: Adrienne, Juawana & Vevlyn)
 - Outreach Plan
 - Engage private/nonprofit sectors at NHC and NHA Statewide conferences & collect leads on where to explore further
 - Targeted outreach to invite state agencies to ICHH to present on work underway that aligns with action items
 - Document work for revised Strategic Plan
 - Collect and analyze existing regional and statewide strategic plans for synthesis (RTC, PJs regional plans, etc)
 - Leverage to inform revised ICHH Strategic Plan and potential advocacy with Gov's office for a statewide cross-sector strategic plan
- Recruit additional housing workgroup members from identified agencies and private sector partners based on landscape analysis (Balance connections between existing work aligned with plan, gaps identified, and positioning key state agencies to prioritize systems coordination)
 - Clarify roles and responsibilities (lead agency + supporting partners + project management from ICHH TA Committee Members)
 - Identify strategy for buy-in and accountability across system (e.g. directive from Gov's office for statewide cross-sector coordination; funding support, etc.)
 - Recruit lead agency & collaborating partners for each priority/goal under Housing Action Plan
 - Assign ICH TA working group members to project manage / coordinate across priorities/other action plan areas
